

Leon's Special Sheep Show

As many members may know, the Centre's former President was a sheep farmer in South Africa. Leon Goodman loves and adores sheep. He gave up the woolly, live variety when he came to Australia, but he loves to collect all things related to sheep.

Over many years he has gathered a massive private collection of memorabilia, statues, mugs, hats, bottles, plates, coins etc.

For one special week, after Easter, Leon will show his best pieces at the Centre. The show starts on **Tuesday April 3 and runs til Friday April 6**. Come along and have some sheepish fun.
